

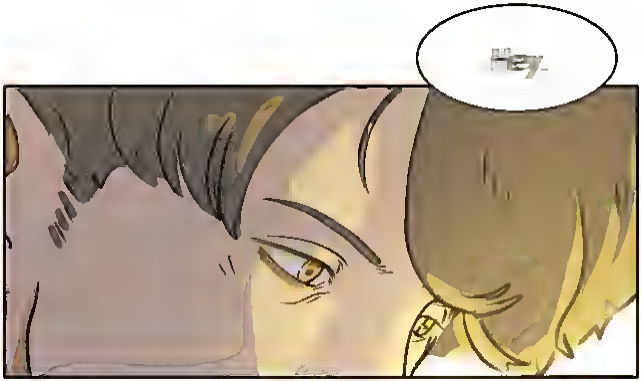
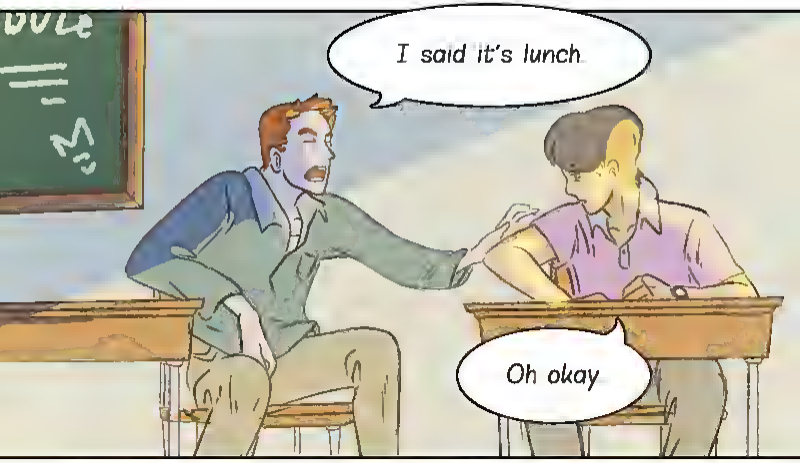
It felt so real

Nate

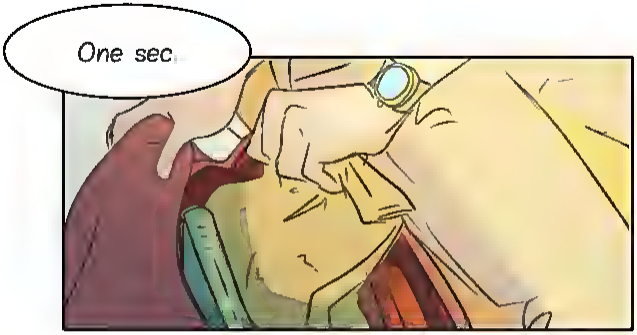


NATE!

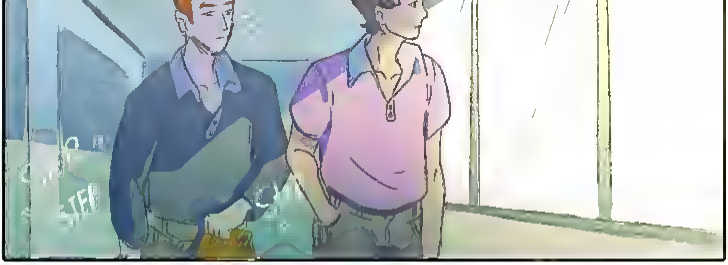
W-what?

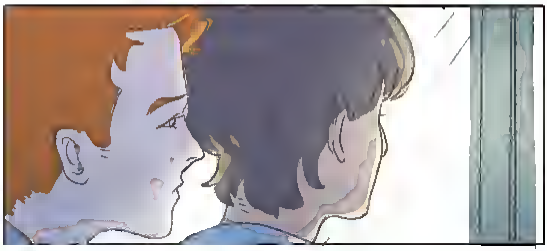


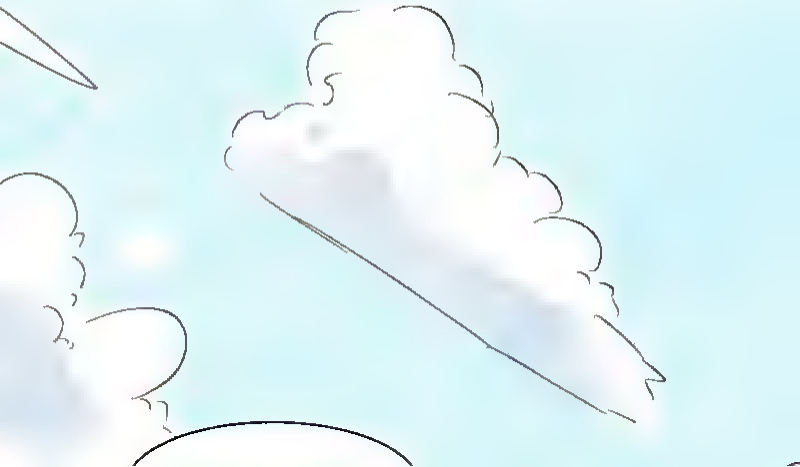
I said it's lunch
Oh okay



One sec







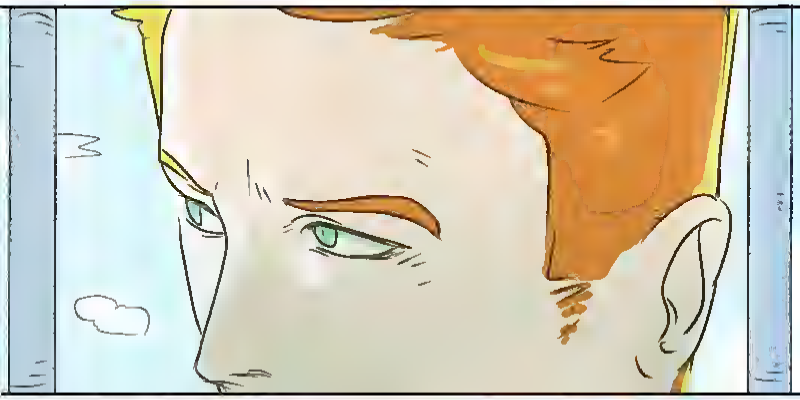
Hey, can we talk?
Sure
It's the dreams again.
The weird places?

Yeah
Only, Theyre getting more frequent and something else happened
What?
I'm not sure
Okay Try

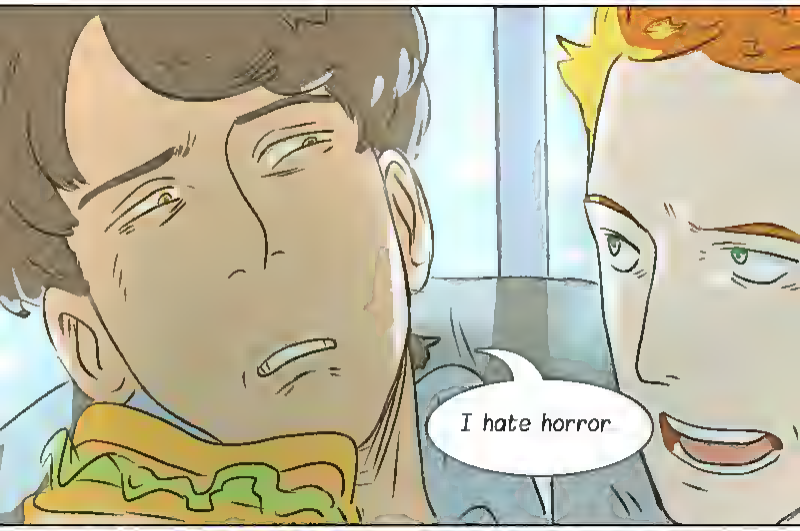
I went somewhere, or dreamed something- at least, it felt so real you know?
What? Where did you go?

I think I was in a beach Then a moment later I was back home Only-
Only?

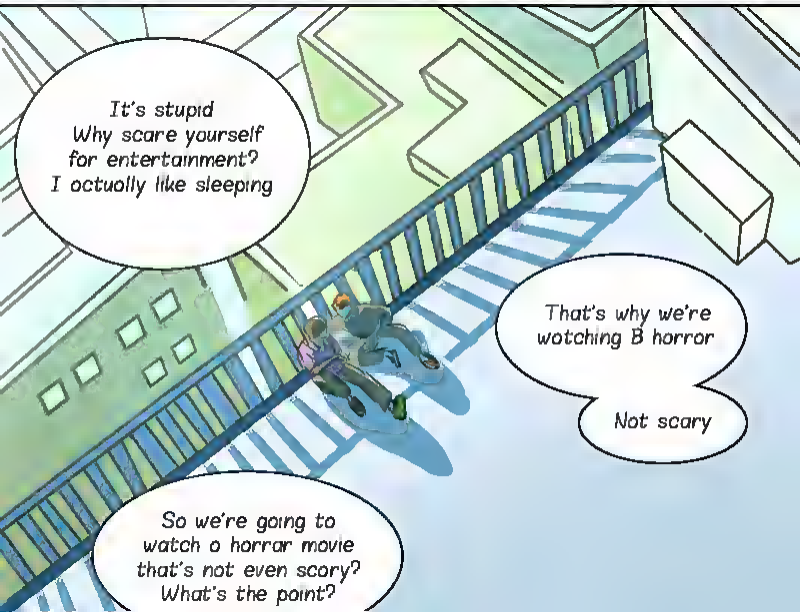
Only it felt real, you know?
What do i do, car?



Maybe I should sleep over tonight?
We'll do the whole shebang videogames, horror movie, the works After that, I can watch you sleep—not in weird, stalker-y way—and wake you up in case you start dreaming again



I hate horror



It's stupid
Why scare yourself for entertainment?
I actually like sleeping
That's why we're watching B horror
Not scary
So we're going to watch a horror movie that's not even scary?
What's the point?

Oh my god, we already talked about this! That is the point!
HA HA HA

I'm getting a drink, want one?
Nah, I'm good. Your dad home?

No, late shift at the station
He wont be back 'til three
Oh, okay
What can I help with?

Peel the potatoes

SKID
SKKREEE

AAAAHHHHHHHHH!!!

So, should I sleep on the floor?

What for?

So I can watch you sleep?

You can't do that while we're on the some bed?

We've been sleeping in the same bed since we were ten. It's fine. It'll probably help me sleep faster—security and all that.
MAD LAX

I'll just leave the lamp on, probably read a book or something while I watch
